

Tips and Tricks for International Travel

COUNTRY
FINANCIAL®

Keep this card in your wallet.

- Don't let your credit or debit card leave your sight!
- Check ATMs carefully for attachments to the terminal card inserts that look out of place.
- Pay with cash, pre-paid travel cards or travelers checks in restaurants.
- Store your credit and debit card account numbers in a password-protected location.

Cut out and fold on center line

- Have multiple forms of payment available.
- Contact your credit or debit card issuer for a helpline number to use in emergencies. The 800 number on the back of your cards may not work internationally.
- Always carry cash, but only in small amounts
- Keep all your receipts and watch your statements to make sure transactions post accurately.
